A/Professor Jonathan Clark

Director of Fellowship Program & Research
MBBS (Hons Class I) BSc(Med) MBiostat FRACS

- Associate Professor Clark holds consultant positions in Head and Neck Surgery at Royal Prince Alfred hospital and the Chris O'Brien Lifehouse. He directs the international fellowship program and clinical research at the Sydney Head and Neck Cancer Institute. He is actively involved in research with over 100 peer review publications, particularly in the fields of metastatic skin cancer, facial reconstruction, patient education and oral cancer. He coordinates the Sydney Head and Neck Research Group (SHNRG), is a founding member Sydney Facial Nerve Service and is a director of the Beyond Five head and neck charity, all of which represent collaborative specialist groups focused on improving outcomes for patients with head and neck cancer.

- A/Prof Clark's clinical focus is on surgery for advanced skin cancer, facial reconstruction for cancer, robotic surgery for oropharyngeal cancer, and salivary gland tumours. He has a particular expertise in Head and Neck microvascular reconstruction and has trained numerous international surgeons in these areas since commencing work at Royal Prince Alfred in 2006. He holds conjoint associate professor appointments with the University of Sydney, University of New South Wales and Western Sydney University.
