Fax: _____ **Date:** ____/____/____

Instructions

Unless instructed differently by your doctor, please withhold your inhalers (e.g. Seretide, Symbicort, Spiriva) for 24 hrs prior to testing.

- Ventolin/Bricanyl/Asmol can be taken up to 8 hrs prior to testing.
- All other medications and oxygen therapy can be continued.

All tests are bulk billed, so please bring your Medicare or DVA card.

PLEASE NOTE: Performing respiratory function tests requires the patient to sit unaided & follow specific instructions to perform breathing manoeuvres which require maximal effort.

Appointment Date: _____

Appointment Time: _____

*Please bring this referral with you when you attend the tests.
If you cannot make your appointment, please phone us to reschedule.*
