

Professional Development Pathway CNCs & CMCs

Are you looking for a professional development program that will help you work towards gaining Clinical Nurse Consultant or Clinical Midwifery Consultant status or grow as a CNC/CMC?

If yes, the CNC/CMC Pathway Program might be just what you've been looking for!

This program has been specifically designed for new and existing CNCs and CMCs. The program is based on Dr Patricia Brenner's Theory that facilitates –

- career advancement
- succession planning
- continuous professional growth.
