I (we) wish to have our gift remain anonymous.

Your donation
is gratefully
appreciated

All donations,
large or small, will
make a difference

IN MEMORIUM

Many people are now donating to a charity in lieu of flowers for funeral services. Often the family are the ones who choose which charity will benefit.

An in memorium donation is a meaningful alternative to sending flowers, and a wonderful way to honour the memory of your loved one while making a valuable contribution to Fairfield Hospital.

In memorium donations can be specified to a particular ward or service at the Hospital. Fairfield Hospital can arrange envelopes for such occasions.

For further information please contact the General Manager's Unit on [02] 9616 8105.

DONATIONS

Each year the demand on our Hospital to replace or buy new equipment grows. With your support and the support of the community we can continue to provide the best possible care for our patients.

Any donations or bequests to Fairfield Hospital are greatly appreciated and will assist the hospital in purchasing valuable medical equipment and other resources to enhance the quality of patient care. You can request that your donation be channelled to a specific area i.e. cardiology, research, for equipment or simply for the area of most need.

Donations to Fairfield Hospital help us to provide an increasing range of services to our patients and over the years have been used to purchase vital equipment to ensure the ongoing quality of care provided to our patients. Donations over \$2.00 are fully tax deductible, cheques should be made payable to Fairfield Hospital.

To make a donation please complete this form and forward to:
Fairfield Hospital
General Managers Unit
PO Box 5
Fairfield, NSW 1860 or fax to 9616 8104

We will forward your tax deductible receipt.

Thank you for your support.

ABOUT US

Fairfield Hospital is a major metropolitan hospital that provides 24 hr emergency care, heart care, dialysis, maternity, paediatrics, comprehensive medical/surgical care and a variety of outpatient services.

Each year Fairfield Hospital admits over 16,000 patients and provides emergency/outpatient care to over 100,000 patients. We have approximately 200 beds and a range of staff dedicated to providing the best possible care and service.

The single most challenging mission for Fairfield Hospital is to secure funds to replace ageing equipment with modern technology. Through the efforts of our many supporters, Fairfield Hospital hopes to meet these demands.
