Life Giving Stories

Five storytellers on the ultimate gift of life

Directed by master storyteller and photographer William Yang and writer and producer Annette Shun Wah, Life Giving Stories is an inspiring storytelling work bringing together five individuals and families from culturally and linguistically diverse backgrounds

tell personal stories about their lives. From two heartbreaking stories of grieving parents who donated the organs of their son, to a mother's unconditional love for her son and families who has been touched by organ and tissue donation.

Accompanied by photographs from private collections, these stories reveal engaging and inspiring insights into family, determination and extraordinary generosity.
