

Bowral Redevelopment Connecting Care and Communities

Hi Everyone,

Firstly I would like to thank you all for registering your interest in receiving any updates directly related to the redevelopment progress of Bowral and District Hospital. I commenced in this new role 4 weeks ago and I am very excited to be the new Redevelopment Coordinator and wanted to as soon as possible let you all know where the project is up to, and what's next.

- All Schematic Design meetings complete and *Schematic Design* signed off for all inpatient areas ✓
- Hutchinson Builders awarded contract for enabling work. New Mona Rd access and parking, Clinical Information Department remodel and New ambulance entrance, ✓
- Government Records company commenced moving planned patient files to secondary storage ✓
- 1st Clinical Design meetings have been arranged ✓
- Local Aboriginal artist commissioned for watermark design and future artwork ✓
- Models of Care MoC documents submitted ✓
- Ongoing discussions with Wingercarribee Council to plan, design and formalise parking/traffic requirements, short term and long term ✓

What's NEXT;

January 2018 commencement of Mona Rd access upgrade and parking, Clinical Information Department remodel and New Ambulance access to follow.

Ongoing parking planning for the redevelopment and beyond

Change Management workshops, how will we work in the new building and how it will work for you.

Finally I would like to take this opportunity to wish you and your family a very Merry Christmas and a safe 2018. I am, as I am sure you are looking forward to our new hospital taking shape. If anyone has any questions please just pick up the phone or tap on your keyboard and let me know.

Cheers

Stephen

Stephen Clark
