

BRAVERY UNMASKED

27 OCT - 18 NOV | EXHIBITION LAUNCH: 25 OCT (6-7.30PM) | [Click here to RSVP](#)

In partnership with Liverpool Hospital participants from the local community have engaged in workshops exploring the experience of cancer. By transforming a radiation mask, used in the treatment of head and neck cancers, creativity offers a visual voice; allowing participants to investigate treatment, health, healing and cancer as a disease through making.

The work produced will be displayed for the *Bravery Unmasked* exhibition at Casula Powerhouse Arts Centre, Liverpool.

All money from the sale of masks in the exhibition will be donated back to the SWS Cancer Therapy Centre.
