

CLIN Clinical Library & Information Network

Bankstown - Bowral - Campbelltown - Fairfield - Liverpool

Systematic Review and Scoping Review Service Charter

Available to SWSLHD staff and affiliated researchers.
Research consultations and research support must be negotiated with your local CLIN Librarian.
We require an initial search strategy or research proposal emailed prior to the consultation.

SWSLHD staff currently enrolled in Postgraduate studies.

SWSLHD staff and affiliated researchers.

Up to three research consultations.

Three or more research consultations.

Database search strategies are key to any research project and we would hope that the Librarian's contributions would be recognised in published articles in the acknowledgments or where appropriate as a co-author of published articles.

Review or help refine your research questions or topic.
