HIV Results

At Liverpool Sexual Health we now have HIV results available within 24 hours.

To obtain your HIV results you can choose to receive a discreet SMS the following working day, or call the clinic to receive your results over the phone.

How to get a HIV test

HIV testing is performed through a blood test. Call the Triage Nurse to book an appointment to organise your testing, or alternatively visit sticlinic.com.au to request an appointment online, and the nurse will call you shortly.
