

# Community Voices

## We Want to Hear from You!

Primary & Community Health is seeking your help on how we can improve the service provided to you, your family and/or carer.

How does it work?

- Do you have access to email, telephone or mobile phone?
- You will receive emails on various health related topics, and on occasion, you may receive telephone calls or text messages.
- You will have an opportunity to provide feedback on health issues that matter to you.
- You can be involved in as little or as much as you are able to.

**The best part...**

**You can do it all in the comfort of your home.**
