Additional Module 4a: Pfizer (Comirnaty) (6 months to 4 years) vaccine	453757553
Additional Module 5: Novavax vaccine	406454415

The Australian Government Department of Health and Aged Care (DoHAC) has advised that their mandatory COVID-19 Vaccination Training Program (CVTP) will be ending on 1 October 2023. From 1 October 2023, clinicians participating in the administration of COVID-19 vaccines will **no longer be required to complete the COVID-19 vaccine training modules listed above** and the DoHAC learning platform will close.

The change will take effect on 01/10/23.

Additional information can be found in the bulletin attached.

Authorised nurse and midwife immunisers and pharmacist immunisers that have undertaken the required training to supply and administer vaccines independent of a medical order **will still be required to comply with NSW requirements**. The [Authority for registered nurses and midwives](#) and the [NSW Pharmacist Vaccination Standards](#) have been revised and amended to include the following requirements for authorised immunisers administering COVID-19 vaccines:

- must have read the [ATAGI guidance on the use of multi-dose vials for COVID-19 vaccinations](#);
- must have reviewed the NSW guidance on management of COVID-19 vaccines specific to each the vaccines that the immuniser will be administering (see [NSW Health COVID-19 vaccination webpage for immunisation providers](#))

Additional information on immunisation is available on the [NSW Health webpage](#).

Targeting

The COVID-19 Vaccination modules will no longer be mandatory (red flagged) to immunisers.
