The Sydney 2016
Practical Bronchoscopy & Thoracic Ultrasound Workshop

11 - 12 FEBRUARY 2016

A Workshop for respiratory physicians, intensivists, cardiothoracic surgeons and advanced trainees to explore the principles and practices of bedside ultrasound and bronchoscopy as an extension of thoracic clinical practice

Limited to Twenty four Participants

Venue: Liverpool Hospital
Ingham Institute Clinical Skills & Simulation Centre
Elizabeth Street, Liverpool. Sydney NSW, Australia
Liverpool Hospital

Liverpool Hospital has been operating continuously since the end of the eighteenth century. It was originally run as a hospital for soldiers and convicts, starting as a tent hospital in the 1790s. The first brick hospital was established in 1813 on a portion of land beside the Georges River. A larger stone hospital building was designed by Francis Greenway, built by convict labour and opened in 1825.

The Hospital is located in one of the fastest growing areas in the State, with more than one million people expected to reside in south western Sydney by 2016.

The course is specifically designed to up skill in-training and practicing thoracic clinicians with the essential skills of bronchoscopy and bedside thoracic ultrasound.

This year we are fortunate to have Associate Professor Pyng Lee as our invited keynote speaker.

The thoracic ultrasound component of the course can be accredited towards a formal qualification awarded by the Australasian Society of Ultrasound in Medicine.

Day 1 - Introduction to Thoracic Ultrasound
- Basic principles and physics of ultrasound
- Common artefacts
- Probe manipulation + image optimisation techniques
- Assessment of pleural pathology - Effusions, Consolidation, Pleural based lesions
- Hands-on practice on patients and animal models
- Small working groups (3-4 group)

Cost
$700 (inc GST) for 2 days

Course Content

Day 2 - Principles and Practices of Bronchoscopy
- Airway anatomy
- Bronchoscope navigation
- Obtaining optimal quality specimens
- Safe sedation techniques
- Dealing with emergent complications
- High fidelity simulation

Keynote Speaker

Associate Professor Pyng Lee

Pyng Lee is Associate Professor, Yong Loo Lin School of Medicine, National University of Singapore. She is also the Director of Interventional Pulmonology, Division of Respiratory and Critical Care Medicine, National University Hospital.

Associate Professor Lee has an active interest in lung cancer, pleural disease, obstructive airway disease, bronchoscopy and pleuroscopy. She was the past President of Singapore Thoracic Society, and serves on international scientific committees in Lung Cancer, bronchology and Interventional Pulmonology as well as American College of Chest Physician Steering Committees.

She represents Singapore as Global Governor for American College of Chest Physicians and is invited locally and overseas to speak and instruct in pleuroscopy, bronchoscopy and lung cancer. Associate Professor Lee is the author of publications in peer-reviewed journals, has written a manual and a book on pleuroscopy which has won the British Medical Association Best Book Award in internal medicine in 2011.

She received the Young Investigator’s award 2000 for work in asthma, Best Poster Award for research in talc and cancer cells at CHEST 2006, Best Original Investigation and Presentation at Chest World Congress 2014, and the Geoffrey McLennan Award for advancing the field of Interventional Pulmonology at CHEST 2014, Austin, Texas. She has completed her PhD on New Applications of Bronchoscopic Techniques conferred by Vrije University, Amsterdam.

NSW Faculty

- Prof Allan Glanville, Respiratory Physician, St Vincents Hospital
- Dr Erica Meggitt, Respiratory Physician, Liverpool Hospital
- Dr Ben Ng, Respiratory Physician, Nepean Hospital
- Dr Melissa Baraket, Respiratory Physician, Liverpool Hospital
- Dr Scott Twaddell, Respiratory Physician, John Hunter Hospital
- Dr Chris Grainge, Respiratory Physician, John Hunter Hospital
- Dr Anthony Kaplan, Radiologist, Liverpool Hospital
- Dr Tai Saghie, Respiratory Physician, Concord Hospital
- Dr Terence Ting, Liverpool Hospital
- Dr Parastoo Irandoust, Pathologist, Laverty Pathology
- Dr Ben Harris, Respiratory Physician, Royal North Shore Hospital
- Dr Ben Kwan, Respiratory Physician, Sutherland Hospital

Travel

Liverpool Hospital is easily accessible from Sydney city by train or taxi. The journey is 33kms from the city (about 50 minutes by train and 45 minutes by car - off peak travel). It costs approximately $90.00 by taxi one-way. Alternatively you can book into one of the hotels/motels listed under accommodation.

Getting here by train

Trains to Liverpool Station run approximately every 10 to 20 minutes from Central Station, Sydney CBD. 5 minute walk from staff to the hospital. Please check the city rail web-site closer to the conference time. [http://www.cityrail.info/](http://www.cityrail.info/)

Getting here by car

There are 3 parking stations at Liverpool Hospital. P1 is located below the Thomas and Rachel Moore Education Centre, Elizabeth Street. P2 is located at the corner of Campbell and Forbes Streets, and P3 is located on the corner of Lachlan and Hart Street. Enquiries: 02 9822 4211
6:30 a.m. – 9:30 p.m. (approx. $24.00 per day)

Accommodation

The preferred conference hotel is Quest Liverpool or The Holiday Inn Warwick Farm. Please be aware that you are responsible for booking your own accommodation and it is strongly advised that you reserve a room at the earliest possible date.

Quest Liverpool

Located a short 6 minute walk to Liverpool Hospital
39 Scott Street, Liverpool NSW 2170
Bookings: (02) 8738 0800
$153 Studio Apartment

Holiday Inn Warwick Farm

Located a short 5 minute drive to Liverpool Hospital
355 Hume Highway, Warwick Farm NSW 2170
Bookings: (02) 9726 1222 and quote YXEEH
$159 p/n and includes breakfast
