

# Gradstart and Midstart Program

## Liverpool Hospital

Liverpool Hospital provides world-class health care spanning across most specialities including diagnostic and imaging services, emergency and trauma care, maternity, paediatric, cancer care, mental health, ambulatory care, allied health, and medical and surgical services.

The hospital is a major referral trauma hospital treating some of the most critical injuries and serious health conditions. Together with our strong tertiary affiliations with the University of NSW and University of Western Sydney, Liverpool Hospital delivers an active education program for doctors, nurses and health professionals and provides a range of clinical placements for students from universities around Australia. The new \$740 million Liverpool Health and Academic Precinct is set to rival the greatest medical research institutions in the world.
